NEWS FROM THE MUNICIPALITY

May 7, 2022 - Collection of electronic devices

The Municipality of Pontiac is organizing a special collection on Saturday, May 7th between 9 am – 2pm.

This is your chance to do something good for the environment and dispose of unwanted items responsibly. Also, the Municipality can earn money for every metric tonne collected which will be reinvested in other environmental programs.

What's Included:

- Televisions; computer monitors; gaming systems; graphic tablets with screen.
- Telephones and telephone answering machines (cassette or digital).
- Laptops; notebook computers; electronic tablets; netbooks; mini-computers.
- Computer and video game consoles and peripherals
- Non-portable audio/video systems such as DVD players etc.
- Cellular devices and pagers

For a comprehensive list, consult:

<https://recyclermeselectroniques.ca/qc/quoi-recycler/>

What is not included:

Appliances, large and small.

How to participate:

There are two ways you can participate:

- 1) Bring your electronic devices to the Luskville Town Hall and meet your councillor.
- 2) Contact Mrs. Caryl McCann, Councillor (819-647-8762 / district2@municipalitepontiac.ca) or Dr. Jean Amyotte, Councillor (613-282-0200 / district6@municipalitepontiac.ca) with your name and address and put your electronic devices in an area that is easy to access in your driveway, on the morning of May 7th. If the weather forecast calls for rain, please keep everything covered. They will be picked up.

NEWS FROM THE FIRE DEPARTMENT

Spring & Summer Fire Safety Tips

- Test your smoke and carbon monoxide detectors, change batteries immediately if needed. Check your fire extinguishers.
- Ensure you have an emergency preparedness kit in case of incidents such as power outages and flooding.
- Practice your families fire escape plan so everyone knows what to do in case of an emergency.
- Develop an escape route for the house or cottage. Practice fire drills regularly at least twice a year. Leave emergency numbers near the telephone.
- Check and clean filters above stove.
- Pull refrigerator out and vacuum or dust the coils.
- Maintain a clear 'fire zone' of 10' around structures.
- Remove leaves and trash from carports and garages: Combustible materials are dangerous if they are exposed to heated automobile components, especially under the vehicle.
- All barbeque grills must only be used outdoors — using grills indoors or in enclosed spaces is not only a fire hazard, but it exposes occupants to toxic gasses and potential asphyxiation.
- Always position the grill well away from combustible objects — buildings, fences, deck railings and landscaping can easily and quickly ignite.
- Get your grill cleaned and serviced. Check all propane tanks and lines for leaks and damage.
- When using a lawnmower, never fuel it while it is still hot. Give it a few minutes to cool down.
