---	--

## **WATER IN QUYON: Notice - reduction of the use of potable water**

Municipality of Pontiac

July 24, 2020 – 11:00 a.m.

### **What you should know:**

- Due to a minor equipment breakdown at the plant, the Municipality is asking the citizens in the Quyon area to reduce their consumption of potable water, until further notice.
- This measure aims to reduce the impact on the source of potable water until we receive and repair the various broken parts.
- Citizens are therefore invited to avoid watering their lawn, install water features/games, washing their vehicle, or filling their pool. The Municipality also suggests putting off laundry or the use of the dishwasher until less busy times of the day.
- The Municipality thanks its citizens for their collaboration: this will reduce the pressure that an overload of consumption can exert on the equipment in place.
- The Municipality will inform you of any other changes.
